

# Cedar Ridge Goldens

## Breeder/Customer Responsibilities

### Breeder will:

- Keep your puppy up to date on vaccinations and veterinary exams, based on the frequency recommended by our veterinarian, up to the time the puppy is picked up by or delivered to the customer.
- Provide a copy of your puppy's health & vaccination record.
- Provide documents for AKC Limited Registration of your puppy. (We have registered the litter, but it will be your responsibility to register your individual puppy under your name.)
- Send enough puppy food for the first few days at home. Please have your own puppy food ready to start mixing in with ours, so your puppy can have time to adjust gradually, if you are not planning to use Life's Abundance.

### Customer will:

- Take your puppy to see your veterinarian within 72 hours of picking up from the breeder and follow up with routine visits per your veterinarian's recommendations.
- Have the puppy spayed or neutered at the appropriate time recommended by your veterinarian.
- Be responsible for registering your puppy with AKC.
- Be familiar with the Golden Retriever Health Information.
- Feed your puppy a high-quality large breed puppy chow and keep him/her at a healthy weight.
- Provide puppy with appropriate exercise, socialization, and training. We recommend puppy classes!
- We always appreciate it when our puppy customers keep in touch and share photos with us from time to time! We love hearing how our puppies are doing! 😊
